CH

عن شركتنا

زعيم السوق

شبيب للعناية، تأسست عام 1986، شركة ملاكها سعوديين بنسبة 100%، تم تصنيفها كواحدة من أكبر مزودي حلول التنظيف في المملكة العربية السعودية وفقًا لمعايير الصناعة والخبراء.

رؤيتنا

أن نكون شريكًا موثوقًا به لعملائنا في تقديم أفضل حلول التنظيف الصناعية المبتكرة، مع خدمة ما بعد البيع الاحترافية التي تساهم في بيئة أنظف.

مهمتنا

مكرس للحفاظ على بيئتنا وحمايتها من خلال توفير حلول تنظيف هديقة للبيئة وسهلة الاستخدام مع التركيز على التدريب المستمر وتطوير مواردنا البشرية لتمكينهم من تجاوز توقعات العملاء وتقديم خدمة عالمية عبر سلسلة القيمة.

About Our Company

A Market Leader

ChbibCare, established in year 1986, a 100% Saudi Owned company, is adjudged as one of the largest provider of cleaning solutions in the Kingdom of Saudi Arabia by Industry standards and experts.

Our Vision

To be a trusted partner of our customer in providing innovative industry best cleaning solutions, with professional after sales service contributing to a cleaner environment.

Our Mission

Dedicated in preserving and protecting our environment by providing eco-friendly and user-friendly cleaning solutions with a focus on continuous training and development of our Human Resources to empower them to exceed customer expectations and deliver world class service across the value chain.

Consulting

Our **solutions** will be the **most appropriate** and **cost effective**, catering to the dynamics of each business requirements.

Our **consulting services** is usually offered free of charge according to certain terms and conditions.

- Heavy Industries & Manufacturing Plants
- Shopping Malls & Commercial Buildings
- Healthcare
- Education
- Airports, Sea Ports & Railway Stations
- Hotels & Restaurants
- Warehouse
- Municipality, Streets, Public Areas and Parks
- Mosques
- Homeland Security, Military and Defence

ستكون حلولنا هي الأنسب **والأكثر فعالية** من حيث **التكلفة** ، والتي تلبي ديناميكيات متطلبات كل عمل.

عادة ما يتم تقديم **خدماتنا الاستشارية** مجانًا وفقًا لشروط وأحكام معينة.

- الصناعات الثقيلة ومطاعم التصنيع
- مراكز التسوق والمباني التجارية
- الرعاية الصحية
- التعليم
- الموانئ الجوية والموانئ البحرية ومحطات السكك الحديدية
- الفنادق والمطاعم
- مستودع
- البلدية والشوارع والأماكن العامة والمتنزهات
- الجوامع
- الأمن الداخلي والجيش والدفاع

After Sales Services

We also provide Service Level Agreements based on specific customer needs. Our service team assures that the equipment's and tools you have bought from us are performing according to **your expectations** and delivering the **intended benefits**.

Our **technicians** are **trained** and **certified** on every equipment and machines from the most reputable brands, including Nilfisk, Comac, TMB, Faraone, etc.

Rest be assured of our rapid service response through our Toll-Free number (**920008985**) and our service centres across Saudi Arabia.

We understand that the availability of spares is critical to your operations. **ChbibCare** maintains a steady inventory level of spares for all the equipment's and machines for the brands that we represent.

خدمات ما بعد البيع

شبيب للعناية لديها واحد من أكبر فرق الخدمة في المملكة العربية السعودية. نقدم ضمانات داخلية ، وصيانة تصحيحية ووقائية للمعدات والآلات. كما نقدم اتفاقيات مستوى الخدمة بناءً على احتياجات العملاء المحددة. يؤكد فريق الخدمة لدينا أن المعدات والأدوات التي اشتريتها منا تعمل **وفقاً** **لتوقعاتك** وتقدم **الفوائد المرجوة**.

يتم **تدريب الفنيين لدينا واعتمادهم** على كل المعدات والآلات من أكثر العلامات التجارية شهرة ، بما في ذلك نيلفسك ، كوماك ، تي ام بي ، فاروني ، إلخ.

كن مطمئناً إلى استجابتنا السريعة للخدمة من خلال الرقم المجاني (**920008985**) ومراكز الخدمة لدينا في جميع أنحاء المملكة العربية السعودية.

نحن نتفهم أن توفر قطع الغيار أمر بالغ الأهمية لعملياتك. تحتفظ **شبيب للعناية** بمستوى مخزون ثابت من قطع الغيار لجميع المعدات والآلات للعلامات التجارية التي نمثلها.

PRODUCT CATAGORIES

CH

1. Floor Scrubber Dryers

Wide Range From Walk Behind To Ride On Scrubber Dryer

2. Fully Electric Utility Vehicles

Endless possibilities for electric Lithium Ion utility Vehicles.

3. Sweepers

Manual Push Behind To Ride on Industrial Battery Or Diesel Operated To Street Truck Mounted Sweepers.

4. Vacuum Cleaners

Dry, Wet & Dry, Upright to Industrial Vacuum Cleaners.

5. Single Disc Rotary Machines

Low Speed Carpet Washer & Floor Scrubber to High-Speed Floor Polishers..

6. Carpet Extractors

Upholstery, Self Contained to Larger Area Stand on Carpet Extractors..

7. Pressure Washers

Mobile Cold or Hot water Pressures. Electric or Petrol Operated.

8. Janitorial & Housekeeping Trolleys

Verity of Mop Bucks and Janitorial trolleys

9. Waste Management Solution

Battery Operated Litter Picker (Glutton), Waste Compactors, Verity of Garbage Bins from Room to Municipal Bins.

10. Consumables & Cleaning Tools

Variety of Professional Premium Cleaning Consumables and Tools

Scrubber Dryers

- Walk Behind Scrubber Dryer
- Ride on Scrubber Dryer.

CH

CHIBIB ENVIRONMENTAL CARE

Ride on Scrubber Dryer

Comac C130 BS

Powerful ride-on industrial floor scrubber, designed for cleaning large spaces in environments such as airports, railway stations, car parks, logistics centres and warehouses, as well as in industrial structures and shopping centres.

Technical Details

36V Battery Operated

Scrubbing Width: 1300 mm

Solution / Recovery Tank: 300 /360 Ltr

Productivity: 7800 sqm/h

Ride on Scrubber Dryer

Comac C85 B

Featuring the most innovative technology, characterized by robust design and an intelligent soul, giving the operator the ability to interact with the machine to make the most of its functions with a view to optimizing operation times and reducing costs

Technical Details

36V Battery Operated

Scrubbing Width: 850 mm

Solution / Recovery Tank: 180 /180 Ltr

Productivity: 6800 sqm/h

Ride on Scrubber Dryer

Comac Optima 85B

Robust design, suitable for working in different environments, both commercial and industrial, ensuring excellent performance.

Technical Details

24V Battery Operated

Scrubbing Width: 850 mm

Solution / Recovery Tank: 160 /140 Ltr

Productivity: 6800 sqm/h

Ride on Scrubber Dryer

Comac Innova Comfort 85B

Extremely comfortable and easy to use.
Innovative technologies directed
towards saving resources, reducing
waste and limiting consumption

Technical Details

24V Battery Operated

Scrubbing Width: 850 mm

Solution / Recovery Tank: 120 /130 Ltr

Productivity: 5100 sqm/h

Ride on Scrubber Dryer

Comac Innova 60B

Extremely comfortable and easy to use.
Innovative technologies directed
towards saving resources, reducing
waste and limiting consumption

Technical Details

24V Battery Operated

Scrubbing Width: 610 mm

Solution / Recovery Tank: 110 /125 Ltr

Productivity: 3600 sqm/h

Walk Behind Scrubber Dryer

Comac Antea 50 B

High performing, easy to use, Ideal for the professional cleaning of floors in offices, hospitals, shops, public buildings, restaurants, hotels, sports centres, supermarkets and production facilities

Technical Details

24V Battery Operated

Scrubbing Width: 508 mm

Solution / Recovery Tank: 40 /60 Ltr

Productivity: 1250 sqm/h

Goupil Compact Electric Utility Vehicles
Endless possibilities with Goupil

Fully Electric
Utility Vehicles

Sweepers

- Electric Street Sweepers
- Street Sweepers
- Ride on Sweepers
- Walk Behind Sweepers
- Manual Sweepers

CH

Electric Street Sweepers

Rasco LYNX Charge 5000

Electric sweeper that just keeps going. With a hopper volume of 5 m³, it is a testament to state-of-the-art technology and is specially designed to meet different user needs with maximum efficiency and performance.

Technical Details

Battery type: Lithium ion

Battery capacity: 160 kWh

Operating time: Up to 8 hours

Sweeping width (2 brush system): 2540 mm

Total volume (Hopper): 5.0 m³

Charging time: Up to 3h

Transport speed max.: 50 km/h

Working speed max.: 20 km/h

Total water capacity: 700+ L

Gradeability: Up to 30%

Electric Street Sweepers

Rasco LYNX Charge 2000

Electric sweeper that just keeps going. With a hopper volume of 2 m³, it is a testament to state-of-the-art technology and is specially designed to meet different user needs with maximum efficiency and performance.

Technical Details

Battery type: Lithium ion

Battery capacity: 72.5 kWh

Operating time: Up to 8 hours

Sweeping width (2 brush system): 2860 mm

Total volume (Hopper): 2.0 m³

Charging time: Up to 4h

Transport speed max.: 50 km/h

Working speed max.: 12 km/h

Total water capacity: 400+ L

Gradeability: Up to 30%

Electric Street Sweepers

Glutton® Zen®

Glutton® Zen® is 100% electric and is powered by state-of-the-art lithium batteries. The sweeper emits no CO₂ or exhaust fumes. Compact, powerful and silent, the ideal cleaner for town centres, alleyways, pedestrian zones, town squares, historic centres

Technical Details

100% Electric Lithium Battery

Total voltage: 80 V

Autonomy: More than 10 hours in single charge

Speed: 25 km/hr

Sweeping width: 1,300 to 2,350 mm

Waste hopper capacity: 1 m³

Water tank capacity: 175 L

Gradeability: 20%

Street Sweepers

Comac HP6000

High-performance street sweeper that combines the performance of two machines in one single machine, thus providing two actions in one solution and ensuring maximum quality results

Technical Details

143 HP - Diesel Operated

Sweeping Width with 2 side Brushes: 2480 mm

Hooper Capacity: 6000 Ltr

Street Sweepers

Comac HP4000

Powerful street sweeper combination of mechanical and vacuum sweeping equipped with rotating shaft and hammers system. Designed to work without water, allowing savings of up to 150,000 litres/year.

Technical Details

126 HP - Diesel Operated

Sweeping Width with 2 side Brushes: 2400 mm

Hooper Capacity: 4100 Ltr

Street Sweepers

Rasco LYNX 2000

Street sweeper that just keeps going. With a hopper volume of 2 m³, it is a testament to state-of-the-art technology and is specially designed to meet different user needs with maximum efficiency and performance.

Technical Details

Power Source: Diesel

Engine: VM R754 Euro6 turbodiesel engine

Rated Power: 62 Kw

Sweeping width (2 brush system): 2860 mm

Total volume (Hopper): 2.0 m³

Transport speed max.: 50 km/h

Working speed max.: 12 km/h

Total water capacity: 400+ L

Gradeability: Up to 30%

Street Sweepers

ROOTS RSB6000

High-Performance truck mounted sweeper, with a capacity of 6 cubic meters. Total Power: 287 HP (Chassis 180HP & Auxiliary Engine 107HP)

Technical Details

287 HP - Diesel Operated

Sweeping Width with 2 side Brushes: 3000 mm

Hooper Capacity: 6000 Ltr

Ride on Industrial Sweepers

Comac CS 100 D

Extremely high-performance sweeper suitable for cleaning the most resistant dirt over vast surfaces, both outdoor and indoor. Particularly effective in industrial environments, large car parks, port areas and airports

Technical Details

28 HP - Diesel Operated

Sweeping Width with 2 side Brushes: 1700 mm

Hooper Capacity: 570 Ltr

Productivity: 11475 sqm/h

Ride on Industrial Sweepers

Roots RD160 D

Diesel Operated Heavy Duty Industrial Ride on Sweeper. Ideally suited for heavy duty Industrial applications. Large Hopper for extended sweeping. Efficient large filter surface area for effective & continuous dust absorption.

Technical Details

35 HP - Diesel Operated
Sweeping Width with 2 side Brushes: 2000 mm
Hooper Capacity: 640 Ltr
Productivity: 21,000 sqm/h

Walk Behind Sweepers

Comac CS 500B

Practical and compact yet powerful and precise when cleaning surfaces. This small battery-powered sweeper simplifies cleaning operations, courtesy of its excellent performance levels which enable the higher productivity.

Technical Details

12V Battery Operated

Sweeping Width with Side Brush: 650 mm

Hooper Capacity: 50 Ltr

Productivity: 2275 sqm/h

Manual Sweepers

Roots Flipper +

Hand pushed sweeping machine for excellent manual sweeping.

Sturdy, rust-free, light-weight, heavy duty self-collecting dirt hopper.

Incorporated with new innovative anti-wrap technology- which facilitates easy cleaning.

Technical Details

Sweeping Width with Side Brush: 650 mm

Hooper Capacity: 40 Ltr

Productivity: 2600 sqm/h

Road and Pavement Washer

- Hot Water Road Washer with Suction

CH

CMAR R2500

Hot Water Road / Pavement Cleaner,
Washer with Suction. Thanks to its
combined system of hot water, high
pressure and suction, it performs deep
cleaning of your paved areas.

More than ever with the CMAR R 2500.

Make your City shine!

Technical Details

Diesel Engine: Euro VI with direct injection,

Power: 80 KW - 110 H.P.; 2600 rpm

Clean water: 1150 litres

Dirty water: 1100 litres

Working speed max.: 0 - 12 km / h

Working width: 1.20 m

Water Pressure: 280 bars - 30 l/min

Water Temperature: up to 80°C

Suction Width: 1300 mm with 2 suction hoses Ø 80 mm

Hot Water Road Washer with Suction

A woman in a pink uniform is operating a single disc rotary machine on a highly reflective, polished floor in a modern office lobby. The lobby features large windows, a red sofa, and potted plants. The machine has a black disc and a grey body with a logo. The woman is smiling and looking at the machine.

Single Disc Rotary Machines

- Low Speed Scrubbing Machines
- High Speed Polishing Machines

GH

Low Speed Scrubbing Machines

TMB TP43G

Professional electrical floor machine, with nylon gear. Equipped with a stainless-steel chassis and a PPL-coated base, they embody efficiency and versatility in an ergonomic machine.

Technical Details

Scrubbing Width: 17" / 430 mm

Power: 1.5HP

Brush Speed: 160 rpm

Low Speed Scrubbing Machines

CIMEX OB45200

Single disc machine that offer exceptional handling and productivity for cleaning and polishing hard floors. High visibility power cord and dead man's switch for increased safety

Technical Details

Scrubbing Width: 17" / 430 mm

Power: 1.5HP

Brush Speed: 190 rpm

Low Speed Scrubbing Machines

MOTORSCRUBBER M3

Small Machine – Big Power

Industrial cleaning machine power with its compact size to create a small floor scrubbing machine for cleaning challenge. Deep clean confined, hard-to-reach spaces and experience outstanding results every time.

Technical Details

Battery Operated 12V

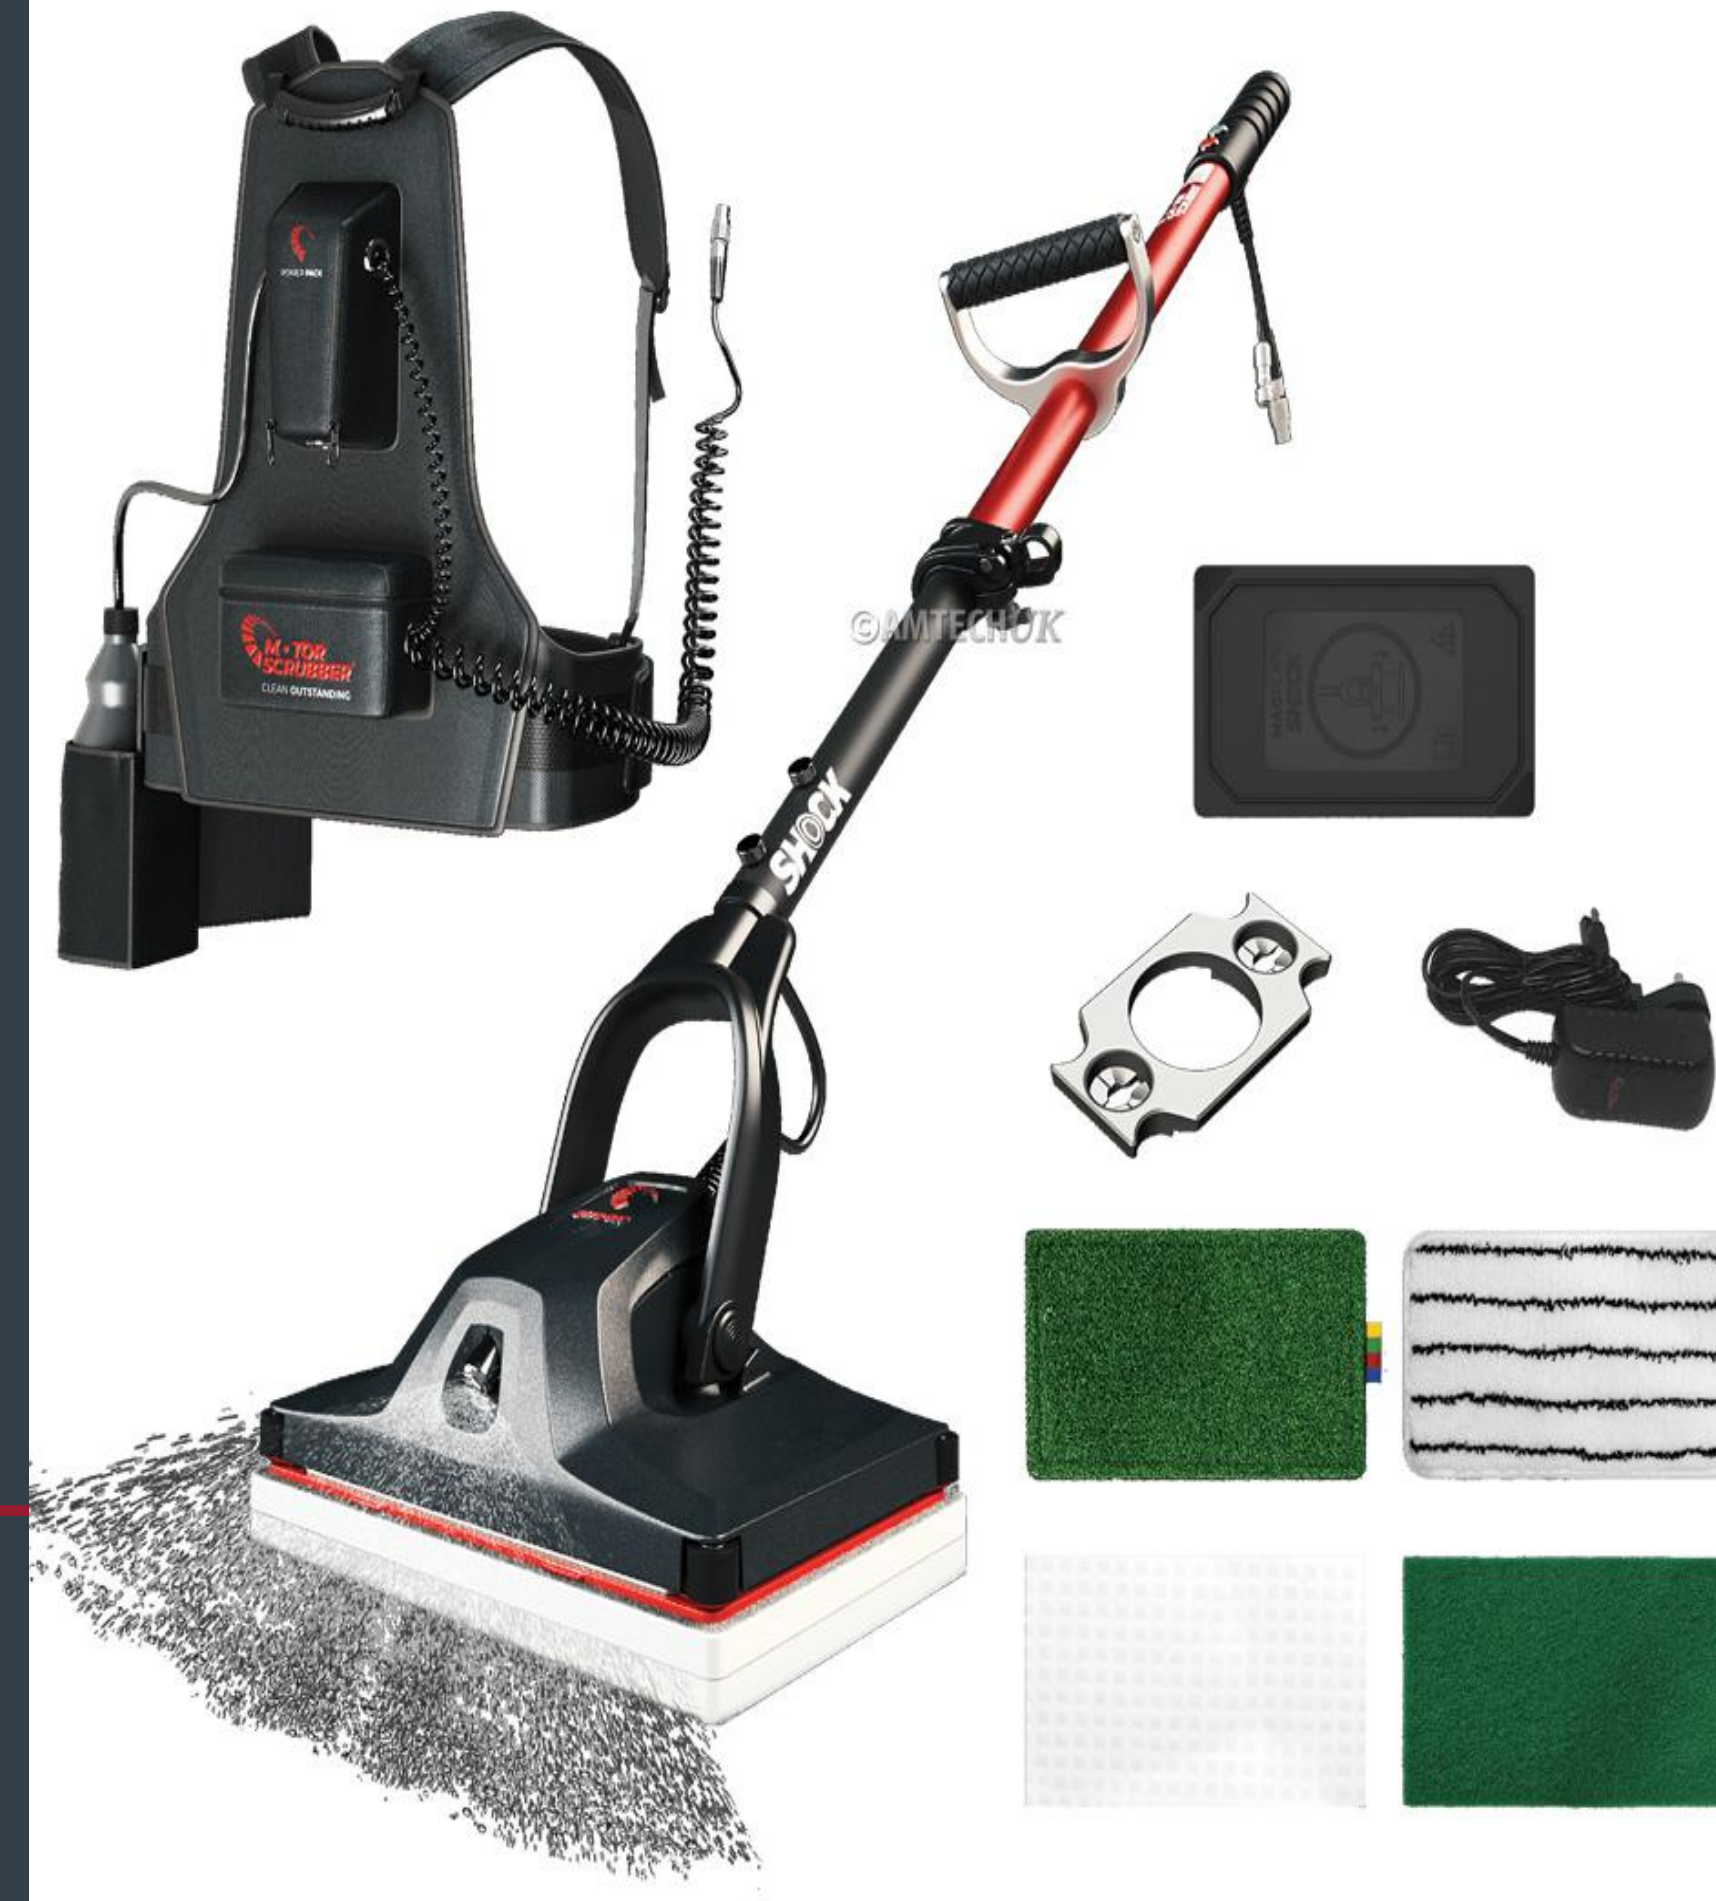

Scrubbing Width: 180 mm

Power: 1.5HP

Brush Speed: 360 rpm

Weight: 2.5 Kg

Oscillator Floor cleaner

Motorscrubber Sock

SHOCK is the lowest profile oscillating floor cleaning machine in the world. Developed over three years, it's been meticulously designed to deliver a deep clean along floors, edges, baseboards, stairs, risers, below obstacles and more.

Technical Details

- Cleaning Width: 250mm (9.8in)
- Scrubbing Power: 5000rpm motor, up to 83 scrubs per second
- Machine Weight: 3.5kg
- Telescopic Handle: 70 – 140cm
- Run Time: 50 minutes
- Charging Time: Up to 4 hours
- Battery: 12 Volt
- Solution Capacity: 1 Liter

Mini Scrubber Dryer

Motorscrubber DRYFT

World's fastest floor cleaning machine

Our latest innovation DRYFT is designed with limitless potential,
it cleans and dries central floors, edges, corners and all hard-to-reach areas with speed and precision, all packaged in a lightweight, compact and easy to use device

Technical Details Voltage: 25.2 V

Rated power: 120-145 W

Max Run Time: up to 60-75 min

Scrubbing width (mm): 390 mm

Solution/recovery tank: 2.5/2.8 Ltr

Squeegee width: 430 mm

Brush pressure: 16.4 g/cm²

Dimensions, L x W x H: 230 x 430 x 1485 mm

Gross weight: 7.3 kg

High Speed Polishing Machines

CIMEX UHS 1500

Ultra high-speed single disc burnisher that delivers high productivity and high quality polishing results. Built-in floating pad assembly gives full pad contact. Plus, centre guide wheel for up to edge burnishing

Technical Details

Scrubbing Width: 20"

Power: 1.5HP

Brush Speed: 1500rpm

High Speed Polishing Machines

Comac/TMB CM/USH 1500

Suitable for restoration and dry polishing jobs. Exceptional balancing system makes these machines extremely pleasant to use, without user fatigue, thanks to the gas compression spring on the handle.

Technical Details

Scrubbing Width: 20"

Power: 1.5HP

Brush Speed: 1500rpm

Vacuum Cleaners

- Dry Vacuum Cleaners
- Wet & Dry Vacuum Cleaners
- Upright Vacuum Cleaners
- Back Pack Vacuum Cleaners
- Industrial Vacuums

CH

Dry Vacuum Cleaner

TMB A11

Dry Silent Vacuum A11 220V

Stainless steel tank

Standard tools kits included

Technical Details

Sound power level: 70 dB(A)

Rated power: 1350 W

Airflow: 48 l/Sec

Tank Material: Stainless Steel

Total Tank Capacity: 22 Liter

Dry Vacuum Cleaner

Nilfisk GD / VP 930

A famous and well-known workhorse - efficient and durable for large area cleaning. Reliable partner for demanding cleaning applications in hotels, schools, offices and hospitals. Rugged and stable with a large dust bag capacity of 15 liters.

Technical Details

Voltage: 220 - 240 V

Rated power: 1000 W

Airflow: 24-35 l/Sec

Vacuum at nozzle: 23 Kpa

Sound pressure level: 45/53 dB(A)

Tank Material: Stainless Steel

Dust bag capacity: 15 Liter

No of Filters: 3

Cable length: 15 Mtr

Wet & Dry Vacuum Cleaner

TMB A27

Professional Wet & Dry Suction Vacuum Cleaner.

Suitable for the cleaning of Small to medium surfaces or for the collection of solid material of various sizes.

Technical Details

Motor power: 1350 W

Air flow: 48 l/s

Vacuum: 17 kPa

Tank Material: Stainless Steel

Total barrel capacity: 35 L

Cable length: 7 M

Noise level: 70 dB(A)

Wet & Dry Vacuum Cleaner

TMB A58

Professional Heavy Duty Wet & Dry Suction Vacuum Cleaner.

Suitable for the cleaning of medium surfaces or for the collection of solid material of various sizes.

Technical Details

Motor power: 2700 W

Air flow: 104 l/s

Vacuum: 21 kPa

Water lift: 2100 mm H₂O

Tank Material: Stainless Steel

Total barrel capacity: 77 L

Cable length: 7 M

Noise level: 72 dB(A)

Wet & Dry Vacuum Cleaner

Nilfisk V500-35

The future of wet and dry vacuum cleaning with dual filtration system. Offering performance and reliability that ensure low total cost of ownership and at the same time, has features making daily cleaning tasks easier, faster and safer.

Technical Details

Motor power: 1350 W

Vacuum: 20 kPa

Tank Material: Polypropylene

Total barrel capacity: 35 L

Wet filter area: 1051 cm²

Cartridge filter area: 2070 cm²

Cable length: 10 M

Noise level: 62 dB(A)

Wet & Dry Vacuum Cleaner

Nilfisk V500-55

The future of wet and dry vacuum cleaning with dual filtration system. Offering performance and reliability that ensure low total cost of ownership and at the same time, has features making daily cleaning tasks easier, faster and safer.

Technical Details

Motor power: 2700 W

Vacuum: 21 kPa

Tank Material: Polypropylene

Total barrel capacity: 55 L

Wet filter area: 1540 cm²

Cartridge filter area: 4410 cm²

Cable length: 10 M

Wet & Dry Vacuum Cleaner

Nilfisk V500-75

The future of wet and dry vacuum cleaning with dual filtration system. Offering performance and reliability that ensure low total cost of ownership and at the same time, has features making daily cleaning tasks easier, faster and safer.

Technical Details

Motor power: 2700 W

Vacuum: 21 kPa

Tank Material: Polypropylene

Total barrel capacity: 75 L

Wet filter area: 1540 cm²

Cartridge filter area: 4410 cm²

Cable length: 10 M

Backpack Vacuum Cleaner

Comac CA BACK E

High efficiency vacuum cleaner ensures excellent results. 4 filtering stages ensure that clean air is delivered back into the room and, thanks to the HEPA 13 filter (available as an optional), even fine particles can be removed

Technical Details

Voltage: 220/240V 50/60Hz

Max. Power: 950 W

Vacuum: 2141 (mm/H2O)

Air flow: 29 l/s

Tank Capacity: 6 Liters

Cable length: 15 m

Noise level: 71 dB

Backpack Vacuum Cleaner

Comac CA BACK B

Battery Operated High efficiency vacuum cleaner ensures excellent results. 4 filtering stages ensure that clean air is delivered back into the room and, thanks to the HEPA 13 filter (available as an optional), even fine particles can be removed

Technical Details

Battery Operated 36 Volt

Max. Power: 36 W

Brushless Motor

Vacuum: 1427 mm/H₂O

Air flow: 25 l/s

Tank Capacity: 6 Liters

Noise level: <70 dB

Upright Vacuum Cleaner

Nilfisk GU700A

Heavy-duty upright vacuum for easy and efficient cleaning. GU700A is an optimal upright solution for daily vacuum cleaning of large carpet areas. This heavy-duty machine makes operations easy and efficient.

Technical Details

Voltage/frequency: 220 - 240 V 50/60Hz

Rated power: 2250 W

Airflow: 52 l/sec

Sound pressure level: 68 dB(A) BS 5415

Dust bag capacity: 35 Liter

Working width: 640 mm

Cable length: 23 Mtr

Upright Vacuum Cleaner

Santoemma BT 350 / 450

Light, robust and reliable upright vacuum cleaner, ideal for small and medium carpeted surfaces. Professional upright vacuum cleaner, ideal for small and medium surfaces, equipped with a high efficiency vacuum motor.

Technical Details

Rated power: 870 / 920 W

Rated power brush motor: 200 / 250 W

Airflow: 43 l/sec

Sound pressure level: 71 dB(A) ISO3744

Dust bag capacity: 6.5 Liter

Working width: 350 / 450 mm

Brush height adjustment: 4 Positions

Industrial Vacuum Cleaner

Industrial Vacuums

Different industries have different needs when it comes to cleaning. Our industrial vacuum cleaners are designed to cover a range of sectors including manufacturing, pharmaceuticals, food processing, and automotive industry. High-performance motors for enhanced suction, enabling more efficient cleaning of large spaces and tough debris.

A vast variety of industrial vacuums as per need of industry. Single to three phase, Dry to wet & dry, metal shavings to oil separators. As per need and demand of industry.

A woman in a black t-shirt and dark pants is operating a large, dark-colored carpet extractor machine in a hotel room. The room features a large window with a view of a city skyline, a grey armchair, a small round table, and a bed with white linens. The image is overlaid with a semi-transparent dark grey layer.

Carpet Extractors

- Box / Upholstery Extractors
- Self-contained Extractors
- Stand-on Extractors

CH

Upholstery Cleaner

Santoemma Sabrena Maxi

Professional injection extraction machine for upholstery cleaning. Robust, reliable and with long working autonomy. Excellent vacuum power, Strong, compact and easy to carry, ideal solution for cleaning upholstery.

Technical Details

Vacuum power: 1500 W

Spray flow rate: 0 - 4.5 L/min

Cable length: 10 M

Solution / Recovery tank capacity: 30 / 30 Ltr

Hose diameter (Ø): 38 mm

Hose Length: 10 Mtr

Sound level: 73 db(A)

Upholstery Cleaner

Eurosteam ES13

14L injection extraction upholstery cleaner recommended for cleaning medium-sized surfaces.

Technical Details

Power: 1000 W
Operation pressure: 0 - 5 Bars
Cable length: 10 M
Solution / Recovery tank capacity: 14 / 14 Liter
Hose diameter (Ø): 32 mm
Hose Length: 2.2 Mtr
Sound level: 75 db(A)

Self-contained Extractors

Nilfisk Viper CEX410

Professional self-contained and silent carpet extractor. With its excellent cleaning performance, maintains textiles like carpets and upholstery in an efficient and easy way, the powerful vacuum motor ensures fast dry-time.

Technical Details

Rated power: 1850 W

Cable length: 15 Mtr

Brush speed: 1400 RPM

Sound pressure level: 70+/- 3 dB(A)

Solution / Recovery tank: 35 / 23 Liter

Brush width: 410 mm

Suction Width: 460 mm

Self-contained Extractors

Santoemma Charis One

self-contained machine, for cleaning middle sized carpeted areas. Cleans a 40cm strip of carpet perfectly, removing the dirt from the base of carpet fibers.

Technical Details

Rated power: 1700 W

Cable length: 15 Mtr

Brush speed: 600 RPM

Sound pressure level: 70 dB(A)

Solution / Recovery tank: 35 / 35 Liter

Brush width: 363 mm

Suction Width: 400 mm

Vacuum: 3400 mm H₂O

Stand-on Extractors

Santoemma Nikita

Ideal for very large areas of carpet and it is able to clean up to 1000 square meters of carpet in 1 hour. In a single pass, a 70cm strip of carpet is sprayed with a concentrated chemical solution, brushed with two counter-rotating brushes, rinsed and vacuumed

Technical Details

Performance: Up to 1000 m²/h

Solution / Recovery tank: 70 / 70 liters

Vacuum Power: 2 x 850 W

Maximum water lift: 2500 mm H₂O

Drive motor: 350W

Cleaning width: 700 mm

Brush Motor: 2 x 100 W

Brush Speed: 840 rot/min

Brush Width: 604 mm

Stand-on Extractors

Santoemma Nikita Mini

Ideal for medium and large areas of carpet and it is able to clean up to 600 square meters of carpet in 1 hour. In a single pass, a 50cm strip of carpet is sprayed with a concentrated chemical solution, brushed by a cylindrical brush, rinsed and vacuumed.

Technical Details

Performance: Up to 600 m²/h

Solution / Recovery tank: 50 / 50 liters

Vacuum Power: 850 W

Maximum water lift: 2500 mm H₂O

Drive motor: 350W

Cleaning width: 500 mm

Brush Motor: 100 W

Brush Speed: 840 rot/min

Brush Width: 464 mm

Special Purpose Equipment & Tools

CH

CHIBIB ENVIRONMENTAL CARE

Escalator / Travelator Cleaner

ROOTS ES 4550 E

Cleaning the escalator is a challenging task. With Roots Escalator Cleaner, the task is made simple. Specially designed for effective cleaning and removal of dust and debris. Counter-Rotating brush head cleaning both sides of the escalator easy and effective

Technical Details

Working Width: 500mm

Solution / Recovery Tank: 45/45 L

Brush Speed: 400 rpm

Brush Motor: 750 W

Brush Pressure: 18 Kg

Vacuum Motor: 850 W

Sound Pressure: Level 78 dba

Voltage: 220-240 V 60Hz

Steam Cleaner

Nilfisk SDV8000

The ultimate steam-cleaning Lab-certified machine. Built for heavy-duty, multi-purpose cleaning and disinfection. Detergent-injection in addition to standard steam-cleaning, makes it easier to disinfect and dry the toughest, most hazardous environments.

Technical Details

Power: Max 3850W

Cable: 10 m

Steam temperature boiler: 170° C

Water tank capacity: 5 Ltr

Boiler volume: 3.3 Ltr

Detergent tank: 2.5 Ltr

Hose length: 4 Mtr

Steam pressure: 8bar

Steam Cleaner

IPC SG 30

portable steam cleaner. Designed for professionals and cleaning operators, it is handy, versatile and easy to use. Recommends the use of this steam cleaning machine in hotels, gyms and restaurants

Technical Details

Anti-Bugs system

Power suction system: wet & dry with water filtering system

Water tank: auto filling with 2 liter capacity

Working Pressure: 5.5 / 0.55 Bar

Boiler Volume: 3 Liters

Steam Temperature: 140°C

Steam Flow Rate: 100 g/min

Steam Gum Remover

EcoGum Maxi

Portable Gum Removal Machine

A comfortable self contained backpack is worn by the operative allowing for complete freedom of movement and ease of use. Specially designed brush emits a PH neutral and safe steam mixture to evaporate the chewing gum.

Technical Details

8-hour lithium battery runtime

Gas-powered

Handheld controller

Robust and durable outer casing

Lightweight carbon fiber lance

Battery and runtime monitor

Fluid sensor

Glass & Façade Cleaner

IPC HIGHPURE

Window and non-porous surface cleaning system that uses 100% pure water, generated by a four-stage filtration system. Innovative and eco-friendly, excellent results in the cleaning of both horizontal and vertical surfaces, without the use of chemicals.

Technical Details

Voltage: 220V 60Hz

Pressure: 8 Bar

Pure Water Flow: 7 l/min

Productivity: 200 m²/h

Filtration System: 4 stages

Reachable height: 20 Mtr

Poles made of Light weight Carbon Fiber

Washroom Sanitizer

Santoemma Foamtec 30

Clean and sanitize restrooms of any size, by spraying a compact foam, rinsing and vacuuming.

It is possible to clean and sanitize even very dirty areas in a single pass. It is ideal for periodic deep cleaning interventions.

Technical Details

Complete cleaning and sanitizing Time: 15 min

Solution / Recovery tank: 30 Liters each

Chemical dilution: Pre-set around 4%

Suction Power: 1000W

Pump Power: 90W

Compressor: 350 Bar

Max. Pressure: 14 Bar

Cleaning / Suction width: 400 mm

Cable length: 10 M

Voltage: 220V 60Hz

Air Mover / Blower

Nilfisk Viper BV3

Ideal solution for drying large carpets and floors, as well as the fast moving of air from toilets and WCs in hotels, schools, offices and similar locations. Cost-effective: New 3-speed induction motor with reduced power consumption

Technical Details

Cable length: 6.5 m

Rated power: 375 W

Working sound level: 64 / 68 / 72 dB(A)

Speed: 1000 / 1200 / 1400 RPM

Operating speeds: 3

Airflow, max.: 56/62/67 m³/min

Current draw, rated: 1.1 / 1.2 / 1.7 A

Pressure Washers

- Electric Cold Water Pressure Washer
- Petrol Powered Pressure Washer
- Hot Water Pressure Washer

CH

Pressure Washers

Nilfisk MC 4M

Mid range cold water high pressure washer with external Foam Sprayer detergent system. MC 4M is designed for light, general cleaning tasks and is the ideal choice for tradesmen, small building companies, small garages and farms

Technical Details

Voltage: 220-240V 60Hz

Detergent Tank: 2.5 Liter

Pump pressure: 150/15 bar/MPa

Water flow Qmax/Qiec: 620/560 l/h

Max. inlet temperature: 60 °C

Power consumption: 3 kW

El Cable Length: 5 Mtr

Hose Length: 10 Mtr

Pump: 1750 RPM

Ceramic coated pistons: 3

Pressure Washers

Comet K250

Robust and reliable industrial pressure washer designed to work continuously even for many hours a day: it is in fact equipped with a high quality 4-pole 1400 RPM pump / motor unit.

Technical Details

Voltage: 220 V 60 Hz

Detergent Tank: 3.5 Liter

Pump pressure: 150 / 15 bar/MPa

Water flow Qmax/Qiec: 280 - 600 l/h

Power consumption: 2.9 kW

El Cable Length: 5 Mtr

Hose Length: 15 Mtr

Pump: 1400 RPM

Pressure Washers

Comet FDX BLADE XL

Honda GX gasoline engine

Comet EWD-K triplex pump, 3 ceramic pistons, brass pump head and built-in unloader valve. 5 liters detergent tank with filter and cap

Technical Details

Fuel type: Petrol

Engine: Honda GX270

Power: 9 HP

Max pressure: 200 bar

Water flow: 340÷900 l/h

Motor pump/RPM: EWD-K / 3400

Inlet water temperature: 60°C

High pressure hose: 10 m

Pressure Washers

Comet KP Classic 3.10

Hot Water Pressure Washers

15-litres capacity fuel tank

2 poles (2800 rpm) motor

Safety valve for boiler protection

Boiler thermal protection

Rotary On-Off switch

Technical Details

Max pressure: 140 bar

Max water flow (l/h): 600

Power Consumption: 2.9 kW

Electrical power supply: 230 V - 60 Hz

Motor pump: GXR / 2800 rpm

Outlet water temperature Max.: 110° C

Detergent tank: 3.5 Liters

High pressure hose: 10 m

Boiler fuel tank: 15 Liters

Boiler fuel consumption: 3.11 Liters

Pressure Washers

STREAMLINE[®]

Streamline Denver 800ltr

The Denver 800ltr Trailer water bowser, mounted on single axle chassis, with Honda engine, capable of producing 16lpm max flow 276bar max pressure. Comes complete with a 30m high pressure hose.

Technical Details

Honda GX270 petrol engine

Maximum Rated Pressure – 276bar (2,900 psi)

Maximum Rated Flow – 16lpm (3.95 gpm)

Max. Rated Temperature-60 degC (140 degF)

30-mtr Hose Reel

Dimension: H:1270 X L:2450 X W:1750 mm

Janitorial Trolleys, Mop Buckets & Housekeeping Trolleys

CHIBIB ENVIRONMENTAL CARE

Janitorial Trolleys

TWT Opera 0.5

Modular Cabinet trolley that adapts to every sector and situation, practical, robust, easy to clean. With door that open at 270 ° for greater practicality in use, with special key guarantees maximum safety and hygiene to the trolley and an always tidy appearance.

Technical Details

- Lockable side door
- 2 buckets on front size: 15 ltr
- 3 buckets on top size: 7 ltr with lid
- 1 shelf
- 1 down press wringer
- 1 safety sign holder
- 120ltr bag with cover
- Mounted on nylon silent wheel ø125mm

Janitorial Trolleys

TWT Opera 0.6

Ideal for dusting, waste collection and floor and surfaces cleaning , all in one trolley. Multipurpose trolley made of polypropylene copolymer.

Modular trolley that adapts to every sector and situation, practical, robust, easy to clean

Technical Details

2 buckets on front size: 15 ltr

2 buckets on top size: 7 ltr with lid

1 down press wringer

1 safety sign holder

120ltr bag with cover

Janitorial / Toilet Trolley

TWT Giotto Top

Exceptional strength, thanks to the innovative design and the selection of the best PP

Better hygiene, all surfaces are treated with a coating that grants less adhesion to dirt and liquids

Technical Details

1 black double bucket 15lt +10lt

Black Prexa wringer

2 buckets on Top of each 7L

Bag Capacity: 90 Ltr

Mop Buckets

TWT GIOTTO 50LT

Exceptional strength, thanks to the innovative design and the selection of the best PP

2 PP buckets each with capacity of 25 lt.
Down press wringer. 80 mm pivoting wheels. 90 mm bumpers. central push handle

Technical Details

Bucket Capacity: 25 Ltr each

Down press wringer

Central Handle for easy maneuver.

80 mm Pivot Wheels

Mop Buckets

TWT GIOTTO 25LT

Exceptional strength, thanks to the innovative design and the selection of the best PP

1 PP buckets each with capacity of 25 lt.

Down press wringer. 80 mm pivoting wheels. 90 mm bumpers.

Technical Details

Bucket Capacity: 25 Ltr

Down press wringer

Street Vacuum Cleaner

Glutton® Collect 2411

Urban waste vacuum cleaner collects and removes everything in its path: paper, cardboard, cigarette packets and ends, cans and bottles made of glass, plastic or metal, dog waste, dead leaves, rubbish trapped in tree grilles, wood/ steel/ aluminum shavings, etc.

Technical Details

Power source: 100% Electric

Motor (V/W): 48 / 1500 , gel batteries

Battery life from full charge: 8-16 hours

Sound pressure level (dBA): 66 (Near silent)

Dust filter surface area: 24 metres squared

Carbon fiber pipe diameter: 125mm

Bin capacity (L): 240

Street Vacuum Cleaner

Glutton® H₂O Perfect®

Revolutionary new concept – Electric Street vacuum cleaner equipped with a medium-pressure water jet and a 60 liters water tank, in addition to a powerful vacuum to pick up waste from the smallest of recesses. It gets the job done quickly and efficiently.

Technical Details

Motor (V/W): 48 / 1500 , gel batteries

Battery life from full charge: 8-16 hours

Sound pressure level (dBA): 66 (Near silent)

Dust filter surface area: 24 meters squared

Carbon fiber pipe diameter: 125mm

Bin capacity (L): 240

Water Tank: 60 Ltrs

Balers & Compactors

ORWAK COMPACT 3120

Perfect for both cardboard and plastic offers strong compaction on the spot: compact machine design, yet impressive volume reduction and a bale weight of up to 100 kg.

Technical Details

Optimized for paper, plastic, cardboard & straps

Bale weight: 100-130Kgs

Cycle time: 33sec

Press Force: 6Ton-60kN

220V 60Hz Single Phase.

Machine weight: 580 Kgs

Noise Level 63db

Balers & Compactors

ORWAK TOM 1040

Cool waste compaction system for public places. Ideal locations are restaurants, cafés, food courts, airports, bus and train stations, theme parks and malls. TOM is about the same size as a conventional waste bin but can hold up to seven times as much waste

Technical Details

Stand Alone, Waste Compactor, Upto:7:1 Ratio

Optimized for Food court, Cinemas, Malls etc.

Width/Depth/Height: 595X722X1500mm.

220V 60Hz Single Phase.

Machine weight: 112 Kgs,

Bag Trolley & Tray Holder Included

Balers & Compactors

Bigbelly HC5

Smart, solar-powered, compacting waste or recycling station. This compacting model holds 5-10X real capacity over an average traditional waste bin. It is equipped with sensors that monitor and report fullness levels and collection activity

Technical Details

Solar powered outdoor trash compactor,
Cloud connected, with actionable operation &
Collection routine

190L, Foot Pedal for hands free use.

Wheeled interior bin, Sensor based trash
compaction

Corrosion resistant body material.

681 X 635 X 1264mm Weight 122Kgs.

Glass Crusher

LSM G5 Glass Crusher

Designed to crush glass bottles up to 2 litres in size, the G5 is capable of processing 60-100 bottles per minute and provides a volume reduction ratio of 5:1, reducing collection costs by up to 60% and saving huge amounts of space.

Technical Details

Reduction: 5:1

Filling height: 1650mm

Dimensions(HxWxD): 1955 x 710 x 1255 mm

Power: Single phase 220V 1.5 kW motor

Machine weight: 320 kg

Noise level: 70 dB

Bin full light

Adjustable cullet size from 2mm to 15mm

IP54 Rating

Outdoor Waste Bins

SULO CityBac 2 Wheel Bins

ECO design for controlled weight-reduction
Optimized geometry for maximum stability
20 % more loading capacity
Ergonomic benefit from reduced weight
Safe and easy to manoeuvre and clean
High durability, resistant to decay, frost, heat
and most chemicals

Technical Details

Sizes: 120 / 240 / 360 Liters

Color: Green / Black / Blue / Yellow
